

Tram 4 detour due to railway works Bergweg

Monday 25 October to Friday 26 November 2021

From Monday 25 October to Friday 26 November railway works will be carried out at the Bergweg/Zaagmolenstraat intersection so that we can continue to travel quickly, safely and comfortably in the future. Because of these works, tram 4 will run an alternative route.

General travel advice:

Plan your trip via the travel planner on www.ret.nl or in the RET Real Time App.

Tram 4 Molenlaan - Marconiplein

Runs the regular route from the Molenlaan stop to the Soetendaalseweg stop and then runs via the stops of tram line 8: Benthuizerstraat, Zwaanshals, Zaagmolenbrug, Noorderbrug, Meent, Pompenburg to Weena, from where it continues the regular route to Marconiplein. Tram 4 runs the same route back to Molenlaan. The stops Van den Hoonardstraat, Eudokiaplein, Noordsingel and Heer Bokelweg are canceled in both directions. At the Weena stop (direction Molenlaan), tram 4 stops on another platform.

Take into account a longer travel time and extra transfers to other tram(s).
