

Maintenance work metro line D between Slinge – Tussenwater

Saturday 17 July to Friday 13 August 2021

From Saturday 17 July until Friday 13 August, we will be carrying out maintenance work. We are replacing the track so that you can continue to travel safely, quickly, and comfortably. Due to the work, there will be no metro services between Slinge, Rhooen, Poortugaal and Tussenwater.

Amended travel advice:

From Hoogvliet and Spijkennisse

Take metro line C towards De Terp or Capelsebrug to Beurs and change to either metro line D towards Slinge or Rotterdam Central Station or metro line E towards Slinge or The Hague Central Station

Towards Hoogvliet and Spijkennisse

Reis via station Beurs met metrolijn C richting De Akkers

To and from Rhooen and Poortugaal

Use replacement bus service 709 towards Slinge or Hoogvliet

Replacement bus service 709

The replacement bus service stops at Hoogvliet – Tussenwater – Poortugaal – Rhooen – Slinge and takes the same route back. As on the metro, a public transport chip card is the only valid ticket on replacement bus services. Always check in and out. Bicycles may not be taken on replacement bus services.

Avoid extra travel costs

If you are travelling via Beurs station during the engineering works, don't check in or out there but follow the modified walking route.

- > Towards Hoogvliet/De Akkers: follow the red line
- > Towards Slinge: follow the blue line

Keep in mind that your journey may take longer and that you may need to transfer to another metro line and/or the replacement bus service.
