

Elevator at Leuvehaven metro station out of order

20 August 2021 to summer 2022

Due to construction work at the Leuvehaven metro station, the lift to Rotterdam Central/The Hague Central is not accessible from Friday 20 August 2021 to summer 2022. The staircase exit is accessible during the work.

Are you dependent on this elevator? Then we advise you to travel as follows:

From De Akkers/Slinge to Leuvehaven?

1 Travel with metro line D in the direction of Rotterdam Central Station or with metro line E in the direction of Den Haag Central Station to Beurs and change there to metro line D in the direction of De Akkers or metro line E in the direction of Slinge. Get off at the next station, Leuvehaven station. The elevator on the west side is accessible.

Please note: if you have a season ticket, check the zones where you are allowed to travel. Otherwise, your OV chip card may be charged. If you have a negative balance, you can no longer check in, not even with a season ticket. Wilhelminaplein is in zone 5314, Leuvehaven in 5300.

From Leuvehaven direction Beurs or further?

- 2 At Leuvehaven, take tram 23 direction Marconiplein or tram 25 direction Schiebroek and get off at Beurs. There you can transfer to the metro again.
- 3 Do you prefer to travel only by metro? Then from Leuvehaven station, first take metro line D direction De Akkers or metro line E direction Slinge. Change one station further, at Wilhelminaplein station, to metro line D direction Rotterdam Central or metro line E direction The Hague Central.

> Take into account extra transfers to the tram and/or metro and longer travel time
