Plan your journey online or with the RET Real Time App. Please consider delays and transfers onto the metro and/or other tram lines. Arrival and departure times may vary a few minutes but the frequency at the stops will remain the same.

Alternative transport during work

The RET, City of Rotterdam and providers Donkey Republic, GO Sharing, Check and felyx are working together to keep Rotterdam accessible. A total of 1500 shared bicycles and 1500 electric shared scooters are available at over 25 public transport interchanges.

How does booking a shared bicycle or an electric shared scooter work?

- > Check availability in the RET Real Time App
- > Download the app from the provider (Donkey Republic, GO Sharing, Check, felyx)
- > Create an account and follow the instructions in the app
- > Grab your shared bicycle or electric scooter and start riding
